## **IN A WEB-CONNECTED WORLD, EVERYONE IS A SPY.**

- How does electronic eavesdropping affect international relations?
- How could the United Nations regulate internet eavesdropping?
- Is there an international right to privacy?
- Is spying necessary to ensure security?
- What kind of intelligence-gathering is legitimate, and when does it cross a line?

**AS A REPRESENTATIVE OF A U.N. MEMBER NATION,  
HOW WOULD YOU ANSWER THESE QUESTIONS?**
