

HELLO
my name is

Meh

Attacking apathy: How to identify problems in your community & do something about them

Join Civitas on Saturday, September 10th for a special guest speaker. We've invited **Dawn Chapman**, one of the founders of **JustMomsSTL**, to speak with students.

Dawn has a unique story. When she discovered radioactive waste in her community, Dawn didn't whine about it on Facebook, she used it to motivate her neighborhood (and others in the country) to take action.

The morning will be focused on providing information to students about how to become engaged in local issues and work to improve the world around them.

When: Sat., Sept. 10, 9-11 am

Where: Civitas Office
10845 Olive Blvd., Suite
155, 63141

Cost: Free (But please
R.S.V.P.!!)

Brought to you by:

**Civitas
Associates** &

Trying to teach for a change...
