

# We need you your ideas to save democracy!

## **You're invited to our** **Challenges to American Democracy Convention**

This will be somewhat like a constitutional convention. We'll tackle some of the most difficult issues facing our country now. You're representing yourself and your best critical thinking skills, combined with empathy.

Students will pick the topics they wish to discuss at a prep session.

This program is open to all interested high school students, but we will be limited to 80 participants.
